This year we dedicate our yearbook to our fallen classmates who were members of the class of 2010.

In loving memory of

Karl Bane

"He was a good friend.

Karl and I grew up

together, and I love him

very much. We use to play

Dodgeball together all the

time. Karl's favorite

expression was 'hot dog'.

We liked to play basketball

and sit on a log outside.

He came to my birthday

party." - Cody Carver

Graduation Friendship

*We're graduating, and we know
Our lives will be different and new;
We're going out into the world,
Our goals and dreams to pursue.*

*But one thing will never, ever change,
As we go our separate ways;
The friends we've made in school will be
Our friends for all our days.*

*The special ties and attachments we've made,
These bonds will never be broken;
We'll continue to feel that special bond,
Though words may not be spoken.*

*So it's not "goodbye," but rather "farewell;"
I'll see you again, my friend.
Your friendship means a lot to me.
And it will never end.*

By Jeanna Fuchs

*Another face, Another friend, Another place, Another end
But I'll hang on...*

*"I'm gonna miss seeing all my friends everyday and GAME DAY!"
- Britney Johnson*

*"I'm gonna miss my friends, definitely...and playing baseball."
-Brett Womack*

*"The thing I'll miss most is coming to school and seeing all the
teachers and friends I love so much."
-Sarah Rihner*

*"All the memories and friends I have made."
-Victoria Lusco*

*"Of course playing basketball and practicing everyday."
-Crystal Hawkins*

*"Pep Rallies!"
-Bailey Perniciaro*

*"The one thing I'm gonna miss about Bay High is coolin' with my
friends, having fun and doing nothing."
-Ha'Leigh Haynes*

*"I'm going to miss the lunch ladies the most."
-Skyler Favre*

*"I'm gonna miss mother duck (Ms.Lathrop) and playing soccer."

*I hope you never lose your sense of wonder, You get your fill to eat but always keep that hunger,
 May you never take one single breath for granted, GOD forbid love ever leave you empty
 handed, I hope you still feel small when you stand beside the ocean, Whenever one door closes,
 I hope one more opens, Promise me that you'll give faith a fighting chance, And when you get
 the choice to sit it out or dance. I hope you dance. I hope you never fear those mountains in the
 distance, Never settle for the path of least resistance. Livin' might mean takin' chances, but
 they're worth takin', Lovin' might be a mistake but it's worth makin', Don't let some hell bent
 heart leave you bitter, When you come close to sellin' out reconsider, Give the heavens above
 more than just a passing glance, And when you get the choice to sit it out or dance.*

I hope you dance!

*We are so PROUD of you!! Keep your head high! Love ya ROO!

To my senior:

Britney, you are the joy of my life. I love you so much. I'm so very proud to be your mother. You are a unique individual who is comfortable in her own skin. My hope for you now is that you will grow into the person God created you to be. Use your gifts and talents, there is no one else like you.

I love you!

Mom

On August 30th 1992, God blessed us with a little girl we named *Britney Rochelle Johnson*. Now, seventeen years later, I'm smiling and still as proud as I was that August day. The only limitations in life are those which you place on yourself. Baby, you are a gifted young lady and I know you will go far in whatever field you choose. Never forget that daddy loves you and will always be there. Keep God first, aim high, and achieve your dreams!

Love, Daddy

Where ever the road my lead, remember we will always be there no matter what. We are very proud of who you have become and where you may go from here. We will always love you. Always remember never be afraid of moving forward only of standing still.

As we embark on the next chapter of our lives, we think of all the times we shared, the laughter and the strife. We cherish the moments that brought us together. The friendships we made will last forever.

When graduation seemed so far away, we never thought we'd see the day. The months flew by as we prepared for the end. Saying goodbye to friends we'd never see again. Hoping we would succeed in the path we chose. If we'll make it through, no one knows. We worked so hard to make the grade; now we look back at the memories we made. Whether we lose or whether we win, we'll stand together as the

1ST 100 DAYS

ONCE INAUGURATED, President Barack Obama got down to business, signing executive orders banning harsh interrogation techniques of suspected terrorists on his second day in office. The ban was Obama's first step toward closing the prisons at Guantanamo Bay. **ONE WEEK LATER**, the president signed a labor act guaranteeing equal pay for all workers. Regarding the act, Obama explained that he saw the inequality as a family issue, not just a women's issue. **ATTENTION TO THE ECONOMY** brought the \$787 billion economic stimulus package in the form of February's

American Recovery and Reinvestment Act, controversial legislation which the administration claimed sparked growth as early as the third quarter.

A TOTAL TROOP WITHDRAWAL from Iraq by the end of 2011 was announced on February 27, and just a month later Obama announced a renewed commitment to Afghanistan and plans to send an additional 21,000 new troops there. **LONDON'S G-20 SUMMIT** allowed leaders from nations worldwide, as well as regional groups and international institutions, to strategize ways to revive the global economy and stimulate growth.

SOMALI PIRATES hijacked an American ship in the Indian Ocean off the Horn of Africa and took Captain Richard Phillips hostage in April. The ship, the *Maersk Alabama*, was carrying food and other aid supplies for the World Food Program. The five-day ordeal ended when U.S. Navy SEAL snipers killed three pirates, freeing Phillips. **BEA ARTHUR**, two-time Emmy award winner, died of cancer at 86. Probably best known for her *Golden Girls* character Dorothy Zbornak, Arthur began her acting career on Broadway, winning a Tony in the original stage production of *Mame*.

A 50 TO 1 LONGSHOT won the 135th Kentucky Derby. Jockey Calvin Borel and Mine That Bird came from behind on a muddy track to win the race by nearly seven lengths. **VOCALIST SUSAN BOYLE** became an overnight sensation on *Britain's Got Talent*. Her performance quickly became one of the most watched videos on YouTube. Despite a second-place finish in the competition, Boyle's first album, *I Dreamed a Dream*, became the biggest-selling album in the world for 2009 in just six weeks. **NORTH CAROLINA'S TARHEELS** beat Michigan State 89-72 in the men's Final Four, avenging a title game loss to Kansas the previous season. With the help of upperclassmen Tyler Hansbrough, Wayne Ellington, Ty Lawson and Danny Green, all of whom opted to return for another year with coach Roy Williams rather than heading to the NBA, the Tarheels cruised to their fifth national title and their second in five years. A unanimous pre-season No. 1, the team was UNC's first since 1982 to start and finish the year in the nation's top spot.

CONFICKER WORM, a computer virus that targeted the Microsoft Windows operating system, was estimated to have infected more than 15 million computers. It was believed to be the worst computer virus since the SQL slammer worm in 2003. In February 2009, Microsoft offered a \$250,000 reward for help with finding and arresting the people who created the computer worm.

Nearly 40 unemployed New Yorkers took part in the Unemployment Olympics, a day of fun and games in Manhattan's East Village planned by a recently laid-off computer software worker.

7 The Connecticut women's basketball team won its sixth national title, defeating Louisville 76-54 in a St. Louis Final Four tagged "March to the Arch."

12 Argentinian golfer Ángel Cabrera won the Masters at 12 under par after a three-way playoff against Americans Chad Campbell and Kenny Perry.

23 Apple's iTunes App Store knew in advance that some lucky buyer would download the company's one billionth app on this date and they offered prizes galore.

The World Health Organization expressed concern at the spread of the H1N1 influenza from Mexico and the United States to other countries.

Supreme Court Justice David H. Souter announced his term-end retirement. A former attorney general from New Hampshire, Souter was appointed in 1990 by President George H.W. Bush.

20 Arkansas singer/songwriter Kris Allen, 23, won the eighth season of *American Idol*.

JUNE

After five seasons on TLC, the Gosselins of *Jon and Kate Plus Eight* announced divorce plans. The pair, plus their twins and sextuplets, attracted nearly 10 million viewers.

24 Mark Sanford, South Carolina's governor, admitted to his affair with a woman in Buenos Aires. He resigned as chair of the Republican Governors Association.

Citing the desire to spend more time with her family and no interest in running for re-election, Alaska Governor Sarah Palin stepped down, transferring power to Lt. Governor Sean Parnell.

5 Roger Federer broke Pete Sampras' 14 Grand-Slam record, beating American Andy Roddick to win the men's title at Wimbledon for the sixth time.

21 Shweeb, the world's first human-powered monorail, attracted attention in New Zealand. Pedalled like a recumbent bike, the system created zero emissions.

22 The longest total solar eclipse of the 21st century was visible off the coast of Southeast Asia for six hours and 39 minutes. It'll be 2132 before that happens again.

TOP GREEN CARS OF 2009

BERNIE MADOFF was sentenced to 150 years in prison for the multibillion-dollar Ponzi scheme he perpetrated as a wealth management advisor. He pleaded guilty to 11 felonies, including securities fraud, money laundering, perjury, making false filings with the SEC and theft from an employee benefit plan. In addition to his imprisonment, the former chair of the NASDAQ stock market was ordered to forfeit \$170 billion. **U.S. WITHDRAWAL FROM IRAQ** was celebrated as a national holiday when Prime Minister Nouri al-Maliki declared June 30 "National Sovereignty Day." Results were later certified and Ahmadinejad was sworn in for a second term in office on August 5. **SERENA WILLIAMS** beat her sister, Venus, in the final match at Wimbledon to win her third Grand Slam victory of the year. Then the sisters paired to beat Aussies Samantha Stosur and Rennae Stubbs, winning the doubles title the same day. **HULU**, a free app that allowed viewers to watch television shows on the web, gained traction. Some studies showed as many as 45% of all teens watched "TV" on the internet. **AL FRANKEN**, a former Saturday Night Live comedian and satirist, finally won his seat in the Senate after the Minnesota Supreme Court rejected incumbent Norm Coleman's myriad challenges. The final recount gave Franken the victory by 312 votes. **NBA CHAMPION L.A. LAKERS** won their 15th title on June 14, defeating the Orlando Magic 99-86 to clinch the title in just five games. FLU SHOT CLINICS were set up in workplaces and schools from coast to coast as the government and the CDC suggested that as many people as possible be vaccinated against the H1N1 virus that led to hundreds of school closings in the spring of 2009. **AN EARLY START** to the flu season meant victims were affected in higher numbers and more extremely than usual, and that the flu's peak activity came in late October and early November rather than March. Until the vaccine arrived, anyone with H1N1's potential respiratory symptoms was encouraged to stay home rather than infecting classmates or

co-workers. **IN OCTOBER**, the vaccine began arriving in both injected and nasal spray forms. Within four months, 97 million H1N1 vaccine doses had been given to 86 million people in the United States. **TRULY PANDEMIC**, the H1N1 influenza infected approximately 57 million Americans or slightly more than 18 percent of the population between April 2009 and February 2010. About 11,690 people died and nearly 260,000 were hospitalized from the viral infection, which was also known as swine flu. **THE THREAT** of an additional outbreak loomed as the annual flu season waned.

JOB MARKET DETERIORATION continued, despite some tentative indications that the economy was improving. The federal unemployment rate peaked at 10.1% in October, but the economy continued to shed jobs at the rate of more than 263,000 a month. Data showed a loss of 8.4 million jobs since the recession's start in December 2007. **THE UNDEREMPLOYMENT RATE** of workers whose hours had been cut or who were working part-time for lack of full-time positions hit 17% — the highest

since they began tracking the category in 1994. **FORECLOSURE FILINGS** in the third quarter hit a record high. Despite government-led and lender-supported relief efforts, nearly a million U.S. homes — 1 in every 136 nationwide — were in foreclosure by October. **FEDERAL RESERVE CHAIRMAN** Ben Bernanke announced September 15 that the recession had "very likely ended" while warning that it may not quickly affect the unemployment rate.

MTV'S 2009 VIDEO MUSIC AWARDS were going to be different from the start. In addition to recognizing current work, anticipation of a Michael Jackson tribute ran high. Instead, Kanye West literally stole the show, grabbing the mic during 20-year-old country/pop star Taylor Swift's Best Female Video acceptance speech for a quick rant about Beyonce Knowles being more deserving. Swift went on to win the Grammy for Album of the Year for her second album, *Fearless*. **ACTOR PATRICK SWAYZE** died at age 57, after suffering from pancreatic cancer for nearly two years. Of his more than 30 movies, he was best-known for his roles as romantic leading men in the films *Dirty Dancing* and *Ghost*. **A GIANT MYLAR BALLOON** took off from a family's yard in northern Colorado, and nationwide panic erupted when it was reported that the six-year-old son might be aboard the 20-foot-long, saucer-shaped helium flyer. A runway at the Denver airport was shut down and search and rescue crews scoured the area below the craft's 50-mile flight path for the child, who was later found hiding in the garage. Subsequent interviews revealed that the event had been planned. The couple was billed for search services and both parents were sentenced to jail time. **THE WORLD'S TALLEST BUILDING**, the Burj Khalifa in Dubai, U.A.E. was completed on October 1 and opened on January 5, 2010. Named after the leader of neighboring oil-rich Abu Dhabi, which contributed billions of dollars to keep Dubai afloat, the building housed a hotel, offices and luxury apartments. At 2,717 feet, the tower with a public observation deck on the 124th floor was the tallest man-made structure ever built. **"BEATLES DAY"** was celebrated worldwide on 09/09/09 when re-mastered versions of The Beatles' albums were released, on the same day the video game The Beatles: Rock Band was released. In the major music markets of North America, Japan and the UK, consumers purchased more than 2.25 million copies of re-mastered albums in the first five days of release. In addition, more than half a million Rock Band units sold during the game's first month of release. PREMIERED IN THEATERS NOVEMBER 20

The second edition in the *Twilight* series had fans crazy for vampires. The film was the fourth highest grossing in the U.S. for 2009, bringing in \$236 million and causing debate among supporters of team Jacob versus team Edward.

Europe's large Hadron Collider, which restarted November 20 after a 14-month repair, set a new world record for particle accelerations.

A YANKEES WORLD SERIES WIN gave the team its 27th championship with a 7-3 victory over the Phillies in Game 6. Hideki Matsui, the first Japanese-born player to be named a Series M.V.P., led the Yankees' offense with six runs batted in off a homer, a single and a double. The last Yankees' title was in 2000. **THE FIRST STATE DINNER** hosted by President and Mrs. Obama toasted a growing U.S. friendship with India with an evening of regal pageantry on the White House South Lawn on November 24. Visiting Indian Prime Minister Manmohan Singh and his wife Gursharan Kaur were honored guests alongside 300 others. A tradition dating back to 1874, state dinners were the most treasured and formal honor a U.S. president could offer a foreign dignitary, and the most coveted invitation in Washington. Unbeknownst to the Obamas and to the Secret Service, a Virginia couple, Tareq and Michaela Salahi, entered the dinner without an invitation, bypassing all security checkpoints. **SHOOTINGS AT FORT HOOD** killed 13 and injured 30 on November 5. Major Nidal Malik Hasan opened fire on fellow soldiers at the Fort Hood U.S. Army base in Texas; some reports suggested he was unhappy about an upcoming deployment.

NASCAR'S LONGEST STREAK of consecutive series championships belonged to Jimmie Johnson, who surpassed Cale Yarbrough when he clinched his fourth title in a row, winning seven races in back-to-back seasons. **OPRAH'S PLANS** to retire when her current contract expires were announced nearly two years in advance of her final show. Media mogul/talk show host/philanthropist Oprah Winfrey said she will end her daily talk show in 2011. The show, which attracted more than seven million viewers a day, had been on the air since 1984. **SIGNS OF WATER ON THE MOON** were confirmed without question in November when a satellite intentionally crashed into a crater near the moon's South Pole. Using a two-part satellite, scientists said they created a collision, then measured the debris it created. The discovery was good news for explorers who wanted to set up labs on the lunar surface and to the scientists who hoped that the water, in the form of ancient ice, would reveal information about the history of the solar system.

HEALTH CARE REFORM was a priority for President Obama and the Democratic leaders of Congress. In November, they came close to creating a comprehensive system of national health insurance when the House approved an overhaul of the system, 220 votes to 215. **MAX BAUCUS**, Senate Finance Committee chairman, had presented a plan that included many new insurance industry regulations but no government-run health care. The Democrat from Montana believed his bill could bring together Republicans and Democrats for an ambitious overhaul of health care. **TEA PARTY**

PROTESTS sprung up from coast to coast, providing a platform for citizens wishing to speak their discontent. While groups of those who felt they could no longer sit still and quietly observe governmental changes that made them uncomfortable took on many traits, the newly empowered activists worked to be visible in many parts of the country. **SENATE VOTES** in November were followed by the Senate's approval of an \$871 billion bill in December. While the two Congressional branches worked to reconcile their bills, it became apparent agreement was not imminent; the debate would continue for months.

HAITIAN EARTHQUAKE

DEATH AND DESTRUCTION were apparent immediately following the temblor which struck near Port-au-Prince, the capital city of Haiti. While fatality estimates topped 200,000, officials conceded that the burial of uncounted corpses would prohibit an exact tally. The quake, which was "felt strongly" in Cuba more than 200 miles away, damaged thousands of homes, including the president's residence. **BUSH/CLINTON HAITI RELIEF FUND**, designed to demonstrate American unity, raised more than \$17 million in under two weeks. In the month following the quake, American

charities sent more than \$790 million in charitable aid. **WYCLEF JEAN GEORGE CLOONEY & FRIENDS** hosted concerts in New York, Los Angeles and London to raise funds for earthquake victims. Called "Hope for Haiti Now: A Global Benefit for Earthquake Relief," the January 22 concerts included performances by Bruce Springsteen, Madonna, Mary J. Blige, Taylor Swift, Justin Timberlake, Coldplay and Bono. In addition, a remake of the 25-year-old anthem "We Are the World," featuring more than 70 big names representing all genres of music, was recorded to benefit Haitian aid groups.

JAMES CAMERON'S AVATAR broke all kinds of records en route to becoming the highest grossing film of all time. Development of the science fiction epic spanned 15 years, partially because Cameron had previously determined that the necessary technology was not yet available to portray his visions for the film. Released for both traditional two-dimension projection and 3-D, *Avatar* was also the first film ever to gross \$2 billion, and it was nominated for nine Academy Awards, including Best Picture and Best Director. **TIGER WOODS** was named the Associated Press Athlete of the Decade in December. Despite a personal scandal that led to an indefinite break from professional golf, he collected nearly as many votes as runners-up Lance Armstrong and Roger Federer combined. Woods won 64 tournaments including 12 majors and earned more than \$81 million during the decade. **A TERRORIST ATTACK** on a December 25 Northwest Airlines flight from Amsterdam to Detroit was thwarted after a student with suspected al-Qaida ties attempted to ignite explosives in flight. **FIFA WORLD CUP SOCCER** tickets went on sale globally, adding more than 1 million new seats to those nearly 700,000 tickets already sold for the June/July soccer matches in South Africa. **CONAN O'BRIEN** left NBC and *The Tonight Show* on January 22, just eight months after he took the reins from Jay Leno. Despite ongoing unsuccessful negotiations with the network, O'Brien planned a busy last week hosting Robin Williams, Barry Manilow, Tom Hanks and Will Ferrell, and he took to the stage playing 70s rock anthem "Free Bird" with the band during the closing credits of his final show. **THE U.S. HEALTH CARE REFORM BILL** passed by the Senate on December 24 was expected to extend insurance coverage to 30 million additional Americans. Following the January 27 State of the Union Address where Obama vowed not to "walk away from" his drive for health insurance reform, additional modifications were made to the White House's proposed health care plan in preparation for a February 25 televised bipartisan health care summit. The six-hour summit was covered on C-SPAN and was the day's news focus.

SNOW BLANKETED THE NATION, encompassing all 50 states on February 13 after a dusting on the Florida panhandle. Hawaii did not receive new snow, but had a base at the peaks of the state's highest volcanoes. Record snowfall affected many parts of the country this winter, from the Midwest where 50-year-old records for most days with 4" or more of snow cover were smashed by more than five weeks, to the mid-Atlantic states where record snowfalls from December to February broke 100-year-old seasonal snowfall records the first week in February.

The Saints, who became just the fourth team ever to win in their first Super Bowl appearance, won with a key defensive play on an interception by defensive back Tracy Porter, and a nearly perfect offensive game by QB Drew Brees.

Vonn skied all five of her scheduled events with a bruised shin, medaling in two. **SNOWBOARDER SHAUN WHITE** defended his Olympic gold in the halfpipe with a first run so strong he secured his victory. In a celebratory second run, he debuted a Double McTwist 1260 (which he named The Tomahawk). The new trick contributed to a record score of 48.4, increasing his margin of victory by 1.6 points.

TILIKUM THE ORCA was not in the pool when SeaWorld Orlando's show, *Believe: The Sensational Shamu Show*, reopened just three days after the six-ton orca attacked and drowned veteran trainer Dawn Brancheau on February 24. The show featured trainers using hand signals to instruct the whales to leap, twirl and wave to or splash the audience. **AN OVERTIME**

VICTORY in hockey gave Canada the Olympic gold the host nation craved on the last day of Winter Games. The 3-2 win over Team U.S.A. came 7:40 into the extra period when 22-year-old Sidney Crosby sent goalie Ryan Miller a surprise wrist shot. Miller was the series M.V.P. and Crosby, a native of Nova Scotia, became the youngest ever captain of a Stanley Cup-winning team in 2009, when his Pittsburgh Penguins beat the Detroit Red Wings four games to three. **CANADA'S**

JOANNIE ROCHETTE captured viewers' hearts, competing in women's figure skating after her mother succumbed to a heart attack in Vancouver just days before. The 24-year-old from Quebec took bronze and became one of the most personal stories of the Vancouver Games. Korea's Yu-Na Kim became her country's first-ever Olympic figure skating medalist when she broke the 200-point mark and captured the gold medal. **AN ICEBERG COLLISION WITH ANTARCTICA**

dislodged another massive block of ice from the continent in February. The original iceberg, known as B9B, measured 60 miles in length and had broken free from Antarctica more than 20 years ago. The new iceberg weighed in at roughly 700 billion tons and, at 48 x 24 miles, contained the equivalent of one fifth of the world's annual total water usage. The two icebergs drifted together off the east coast of Antarctica. **U.S. BOBSLED GOLD** ended a 62-year Olympic drought for America when two-time World Champion Night Train pilot Steve Holcomb with crew Justin Olsen and Steve Mesler and brakeman Curtis Tomasevich dominated action in Whistler. The win meant Germany's Andre Lange, who took gold in the two-man race, failed in his attempt to capture five Olympic golds in as many attempts. **AN 8.8 EARTHQUAKE IN CHILE** on February 27

toppled buildings, left more than 300 dead and caused tsunami evacuations as far away as Hawaii and Japan. While the quake was significantly more powerful than the Haitian temblor that caused massive devastation in January, the damage was minimized by its relatively deep epicenter and strict Chilean building codes that followed massive damage caused by a huge quake in 1960.
